

Texas Vein and Cosmetic Center

Dr. Michael Bardwil, M.D., FACS
909 Frostwood, Ste. 234
Houston, TX 77024
713-461-4945

Dr. Michael Bardwil is Board Certified in both General and Vascular Surgery. After 15 years of covering all aspects of surgery, he has spent the last five years developing a comprehensive vein center. Dr. Bardwil uses his extensive knowledge to treat all kinds of Venous Disorders, some of which include spider veins, varicose veins and venous stasis ulcers.

With his strong surgical background and the help of his professional and friendly staff, Dr. Bardwil is able to tackle even the most complicated veins in-office. Procedures like endovenous (ELAS), VNUS Closure and microphlebectomy are performed using local anesthesia. Over the past five years, Dr. Bardwil has embraced and pioneered new, modern technology used to perform more than 2,500 in-office vein procedures. He has shared his vast knowledge of vein treatment with other physicians by teaching courses on the procedures he has

developed.

After graduating from Strake Jesuit College Preparatory, Dr. Bardwil attended St. Louis University, majoring in philosophy while completing his pre-med curriculum. He then earned his medical degree from the University of Texas Medical School at Houston and completed a surgery residency at UTMB. Following a three-and-a-half year tour in the U.S. Navy, Dr. Bardwil completed a Vascular Surgery residency.

Outside the office, Dr. Bardwil is a devoted father of two children, enjoys playing blues and classic rock guitar and has been involved in competitive dancing. He has purchased land in West Houston, and is in the process of building a facility for treatment veins and is also adding an anti-aging component to his practice.
